

MAC283 Quiz NO 9

For the following program ([here](#))

Run the program:

1. Write a line by line explanation for each command. (40%)
2. Explain what will be displayed on the screen and why? (20%)
3. Write a detailed explanation of the algorithm of the program. (40%)

If you send your quiz by the end of the class (today) then if correct you will receive full credit + bonus. If sent by next Tuesday (before our class begins) then if correct you will receive 80% of the credit.

Send your work to prof@dpeled.com

GOOD LUCK!
