

Dear Customer,

Depends on which item, a special discount of up to 40% will be applied to the list price.

Selected Tina software promotions come with free HDL (Hardware Description Language) and up to two years of free TinaCloud registration.

For a CD instead of just a download, there is an additional charge of \$65.00.

Call 800-621-8334 for details.

Thank you,

dPP engineering
